Student Medical Shadowing Information Session
Friday, March 18th, 2022
1:10 PM – 2:00 PM

Please join us for a presentation and question and answer session about a new immersive summer student program at Maimonides Medical Center. The student will experience the full multidisciplinary spectrum of colorectal cancer care by rotating over four weeks with experts in the field of Colorectal Surgery, Radiation Oncology, Hematology Oncology, Radiology, Gastroenterology, and Anatomic Pathology. Application deadline will be April 18, 2022. The selection process will be completed, and candidates will be selected by May 18, 2022. The program will run from June 1 until June 30, 2022.

Potential Shadowing Opportunities with:

- James D’Silva MD, Division of Hematology/Oncology
- Jay Lipshitz MD, Division of Hematology/Oncology
- Bernadine Donahue MD, Division of Radiation Oncology
- Meredith Pittman MD, Division of Anatomic Pathology
- Elie Sutton MD, Division of Colon and Rectal Surgery
- Maryanne Ruggiero MD, Division of Radiology
- Yiqing Xu MD, Division of Hematology/Oncology
- Ronnie Jankelson MD, Division of Gastroenterology
